Bernie Turbo Series Floor Lamp No. 6424/1*P1 with Dimm-System Punkt 1 (*P1) for Low Voltage

6424/1*P1 HB/OB

Dimm-System Punkt 1 (*P1) for Low Voltage

Point Dimming:

the dimming control is reduced to a single point on the arm of the lamp

Soft On:

a single "click" will turn the lamp on -- the lamp gradually brightens to full brightness

Soft/Delayed Off:

a single "click" will turn the lamp off -- the lamp dims to 60% brightness, remaining at that level to allow you to exit the room; then the lamp gradually turns itself off

Dimming Cycle:

press and hold the dimmer down -- the lamp will cycle through all the dimming levels -- release the dimmer when the lamp reaches the light level of your choice
